Ages: 12-14

What you have on repeat

6 min

Main question: "What have you got on repeat right now? What is it about it?"

Short answer?: "Put it on, let's listen together."

Sharing more?: Listen to the end and don't rate it. "I can see why it got you" is enough.

Skills practised:

"At this age music speaks about emotions and about who you take yourself to be. Talking about it has the lowest threshold of entry and is, at the same time, a direct conversation about yourself."
